

Due to a variety of factors, GSPCGP were not able to hold a fall endorsement vote this fall.  
For president, in the Spring Endorsement vote, we endorsed the statement, "Support The Democrat in the fall."  
Thus:

**United States of America**

**President / VP: Joe Biden / Kamala Harris (formally endorsed)**

For other races, we offer this list of candidates previously endorsed, either in this year's primary or in a previous election cycle. Most recent endorsement year is noted (with asterisk if endorsed for a different office). As always (and in particular, given the circumstances), don't presume we dislike a candidate if they or their race are not mentioned! Except for President / VP, we only consider candidates for endorsement if they request endorsement and submit responses.
